

The 50th Meeting of APEC Energy Working Group (EWG)
Hawaii, The United States, 16-17 December, 2015

8.c. Peer Review on Low Carbon Energy Policies (PRLCE)

Takato OJIMI
President, APERC

8.c. (1) Objective of PRLCE

Objective of PRLCE:

- “ To assist **volunteer** APEC economy to promote low-emission power sources such as renewable energy, nuclear and fossil fuel with CCS by providing **recommendations** from APEC peer review experts.
- “ APERC is planning to further carry out analyses **on best practices** for efficient and effective policies to promote **low carbon power supplies** in APEC economies, and how such best practice policies can be applied, considering different conditions in different economies.

8.c. (2) History and Future of PRLCE

- “ **Phase 1 (2012): Thailand, the Philippines**
- “ **Phase 2 (2013): Indonesia, Malaysia**
- “ **Phase 3 (2014-2016) Viet Nam (on going)**
 - **The peer review will be held on 18-22 January 2016 (originally scheduled in July 2015).**
 - **7 experts (from Australia; China; Japan; New Zealand the Philippines; Chinese Taipei; and Thailand) are scheduled to participate.**
 - **Tentative agenda was provided by the Vietnamese government.**

8.c. (3) Future Plan of PRLCE

- “ **APERC welcomes all eligible economies to volunteer themselves to host **future PRLCE**. If interested, please contact: master@aperc.iecej.or.jp.**
- “ **The importance of PRLCE is increasing in relation to the APEC’s aspirational goal of doubling the share of renewables in the APEC energy mix.**
