

The 53rd Meeting of APEC Energy Working Group (EWG)
Singapore, 26-27 April, 2017

10.d. Peer Review on Energy Efficiency (PREE)

Takato OJIMI
President, APERC

PREE consists of three pillars:

- **PREE** to provide recommendations for the host economy on how implementation of their energy efficiency action plans could be improved, and **Follow-up PREE** to help a previous PREE host economy to more smoothly implement recommendations on energy efficiency action plans;
- **Compendium** to share information on energy efficiency policies and performance of APEC economies; and
- **Energy Efficiency Policy (EEP) Workshop** to further discuss key issues in policy formation for energy efficiency.

1. PREE

- **PREE Phase 6 in Mexico** was conducted on 6-10 March 2017 in Mexico.

2. Compendium

- From 2009 to 2015, **Compendia** were compiled annually (available at: <http://aperc.ieej.or.jp/publications/reports/compendium.php>).

3. Energy Efficiency Policy (EEP) Workshop

- **The 2st EEP Workshop** was held in Korea on 27 March 2017 in conjunction with EGEE&C 49.
- The topic was **Energy Efficiency Policy and Program Evaluation**.

10.d. (3) PREE in Mexico

- **27 participants** from Mexico and **6 experts** attended.
- **Some highlights include:**
 - **Mexico is implementing a significant energy reform to liberalize energy markets.**
 - **A growing and increasingly wealthy population is likely to increase energy demand significantly in coming years.**
 - **Efficiency can provide much needed relief from this growth.**
- **The final report will be completed before EWG54.**

Experts

Dr. Zhang Shicong (China)

Mr. Pramesh Maharaj (New Zealand)

Ms. Elizabeth Yeaman (New Zealand)

Dr. Ming-Shang Jeng (Chinese Taipei)

Mr. Borworpong Sunipasa (Thailand)

Mr. Graham Parker (USA)

10.d. (4) Energy Efficiency Policy Workshop

- **30 representatives from 15 economies attended.**
- **Presentations were delivered by consultants from Energy Policy and Programme Evaluation Conferences Ltd - a Not-for-Profit based in the UK.**
- **Speakers were invited from:**
 - **New South Wales Government.**
 - **Russia's Ministry of Energy;**
 - **Indonesia's Ministry of Energy;**
 - **Mexico's Energy Efficiency Commission; and,**
 - **Lawrence Berkeley National Lab (US).**
- **Special interest was shown in the groups discussion sessions based on the case study presentations.**
- **The tentative results were reported and discussed in EGEE&C 49 meeting in Jeju Island, Korea in March 2017.**

10.d. (5) Future Plan of PREE

- **Plans after the approval of PREE Phase 7 Budget:**
 - **Compendium 2016** will be published before September 2017.
 - **Coordinate the implementation of Follow-up PREE in Malaysia** in March/April 2018;
 - **Prepare for the 3rd EEP Workshop** to be held in conjunction with EGEE&C 51
- **There are interests from Russia and Peru to host PREE and Follow-up PREE respectively.**
- **APERC welcomes all eligible economies to volunteer themselves to host future PREEs or Follow-up PREEs. If interested, please contact: master@aperc.iej.or.jp.**

10.d. (6) PREE Host Economies

PREE		
1	Chile	2009
2	New Zealand	
3	Viet Nam	
4	Thailand	
5	Chinese Taipei	2010
6	Peru	
7	Malaysia	
8	Indonesia	2011
9	The Philippines	2012
10	Brunei Darussalam	2013
11	Mexico	2017

Follow-up PREE		
1	Viet Nam	2012
2	The Philippines	2014
3	Thailand	2015
4	Malaysia (TBC)	2018

Thank you for your kind attention
