

The 47th Meeting of APEC Energy Working Group (EWG)
Kunming, China, 20-21 May 2014

12.b. Peer Review on Low Carbon Energy Policies (PRLCE)

Takato OJIMI
President, APERC

Asia-Pacific
Economic Cooperation

12.b. (1) Objective of PRLCE

Objective of PRLCE:

- “ To assist volunteer APEC economy to promote low-emission power sources such as renewable energy, nuclear and fossil fuel with CCS by providing recommendations from APEC peer review experts.**
- “ APERC is planning to further carry out analyses on best practices for efficient and effective policies to promote low carbon power supplies in APEC economies, and how such best practice policies can be applied, considering different conditions in different economies.**

12.b. (2) PRLCE for Malaysia

- **Malaysia** hosted the fourth PRLCE in **9~13 December 2013** with the focus on **feed-in tariff mechanism and low-carbon transport sector**.
- The peer review was conducted by a team of nine experts (from **Australia, China, Japan, New Zealand, Chinese Taipei, Thailand, and APERC**).
- **The draft final Report** is compiled and now presented to this meeting to seek endorsement by EWG.

12.b. (3) future of PRLCE

- **Given the resource constraints of APERC, and recognizing the smaller number of potential host economies (compared to PREE), it may be necessary to reduce the number of PRLCE peer reviews per year.**
 - **Two** PRLCEs in 2012 and 2013
 - ↓
 - **One** PRLCE **after 2014**
- **Viet Nam** has signaled interest in hosting the fifth PRLCE
- APERC will submit a project proposal of PREE Phase 3 and wait the approval of APEC budget for it.
